

KLEEN

SOFTWARE

Software Developer (m/f/d)

We are looking for motivated employees for software development (m/f/d) in permanent positions for our offices in the technology center HAMTEC in Hamm (Westf.).

Wer sind wir?

Since its foundation in 1995, Kleen Software GmbH has been offering its customers from the industrial and technical sectors tailor-made software solutions and helping them with process optimization and automation at the Hammer Technology Center (HAMTEC). Our focus is particularly on CAD software solutions, web tools and configurators.

This job advertisement emphasizes the openness to career changers and offers opportunities for further training to facilitate entry into the IT sector.

Was sind deine Aufgaben?

- Development of software solutions
 - Implementation of customer requirements
 - Collaboration with the development team and the customer
 - Carrying out code reviews and technical documentation
-

Was solltest Du mitbringen?

- Completed studies in computer science or comparable training
 - Completed training as an IT specialist for application development or comparable training
 - You have already gained practical experience in the development of native applications
 - Knowledge of software development with C#.NET and/or Web/PHP
 - Not a prerequisite, but knowledge of CAD would also be an advantage
-

Was bieten wir dir?

- A permanent position and fair remuneration
 - A company with short decision-making processes and flat hierarchies
 - A relaxed working atmosphere in a dynamic team
 - Varied projects in different industries
 - The opportunity to grow and further your education
 - The opportunity to take on project management roles
 - Flexible organization of your working hours
-

Have we piqued your interest? Then become part of our team and apply to us immediately by e-mail with your CV, references, etc. We will be happy to answer your questions via jobs@kleen-software.de.

We look forward to hearing from you and receiving your application.
