

KLEEN SOFTWARE

Working student software development (m/f/d)

We are looking for motivated working students for the software development of technically interesting and innovative solutions in the areas of C#.NET and/or Web/PHP/HTML.

Wer sind wir?

Since its foundation in 1995, Kleen Software GmbH has been offering its customers from the industrial and technical sectors tailor-made software solutions and helping them with process optimization and automation at the Hammer Technology Center (HAMTEC). Our focus is particularly on CAD software solutions, web tools and configurators.

This job advertisement emphasizes the openness to career changers and offers opportunities for further training to facilitate entry into the IT sector.

Was sind deine Aufgaben?

- Ongoing studies in computer science or comparable qualification
- Knowledge of software development with C#.NET and/or Web/PHP
- Interest in the development of interesting software solutions
- Good knowledge of databases, e.g. SQL

Was solltest Du mitbringen?

- Supporting the development team in the implementation of software solutions
- Development of prototypes and subcomponents

- Support in the creation of test cases and the execution of tests
 - Maintaining and updating documentation
-

Was bieten wir dir?

- A challenging and interesting job in an innovative company
 - A motivated team and a pleasant working atmosphere
 - Flexible working hours that can be adapted to your study schedule
 - The opportunity to gain valuable experience in software development and CAD development
-

Have we piqued your interest? Then become part of our team and apply to us immediately by e-mail with your CV, references, etc. We will be happy to answer your questions via jobs@kleen-software.de.

We look forward to hearing from you and receiving your application.
