

Apprentice IT Specialist Application Development (m/f/d)

We are looking for motivated and committed **apprentices as IT specialists (m/f/d) - application development** for the **year 2026**. As part of our team, you will have the opportunity to gain practical experience in the development of innovative software solutions as part of your vocational training.

Who we are?

Since its foundation in 1995, Kleen Software GmbH has been offering its customers from the industrial and technical sectors tailor-made software solutions and helping them with process optimization and automation at the Hammer Technology Center (HAMTEC). Our focus is particularly on CAD software solutions, web tools and configurators.

This job advertisement emphasizes the openness to career changers and offers opportunities for further training to facilitate entry into the IT sector.

What are your responsibilities?

- Development of software solutions for CAD software with a focus on C# programming
- Collaboration in the analysis, conception and implementation of requirements
- Implementation of new features and functions in close cooperation with other developers
- Testing and documentation of software solutions
- Supporting the team in troubleshooting and optimizing the software

What should you bring with you?

- Completed technical college entrance qualification or good secondary school leaving certificate or your graduation is imminent
 - Good grades in the school subjects of mathematics and computer science
 - Fun and interest in IT and digital innovations
 - Good analytical skills
 - Bonus: You have already been involved in programming in your free time
-

What do we offer you?

- A varied job with interesting tasks in an innovative environment
 - The opportunity to gain practical experience
 - Appropriate remuneration and other benefits
 - An open corporate culture with flat hierarchies and short decision-making paths
 - A motivated and experienced team that supports and encourages you
-

Have we piqued your interest? Then become part of our team and apply to us immediately by e-mail with your CV, references, etc. We will be happy to answer your questions via jobs@kleen-software.de.

We look forward to hearing from you and receiving your application.
