KLEEN SOFTWARE

Student interns in software development (m/f/d)

Are you looking for an internship in the field of software development?

We offer motivated and interested interns the opportunity to gain an insight into the world of work. As part of our team, you will have the chance to gain practical experience in the development of innovative software solutions.

Who we are?

Since its foundation in 1995, Kleen Software GmbH has been offering its customers from the industrial and technical sectors tailor-made software solutions and helping them with process optimization and automation at the Hammer Technology Center (HAMTEC). Our focus is particularly on CAD software solutions, web tools and configurators.

This job advertisement emphasizes the openness to career changers and offers opportunities for further training to facilitate entry into the IT sector.

What are your responsibilities?

- Development of software solutions in the areas of C#.NET and/or Web/PHP/HTML
- Collaboration in the analysis, conception and implementation of requirements
- Implementation of new features and functions in close cooperation with other developers
- Testing and documentation of software solutions
- Supporting the team in troubleshooting and optimizing the software

What should you bring with you?

- Enrolled student (m/f/d) in a computer science or engineering degree program, ideally with a focus on software development or similar
- Basic knowledge of software development
- Ability to work in a team, initiative and high motivation to work in a dynamic environment

---

What do we offer you?

- A varied job with interesting tasks in an innovative environment
- The opportunity to gain practical experience
- An open corporate culture with flat hierarchies and short decision-making paths
- A motivated and experienced team that supports and encourages you

If you are interested in further employment after your internship, we certainly offer the opportunity. You are welcome to talk to your colleagues from the teams who have already taken this path.

Have we piqued your interest? Then become part of our team and apply to us immediately by e-mail with your CV, references, etc. We will be happy to answer your questions via **jobs@kleen-software.de.**

We look forward to hearing from you and receiving your application.
